BESPOKE, PERSONALISED RISK ANALYSIS

COUNTRY & TRAVEL SERVICES

What are Country and Travel Security Services?

Whether travelling for business or pleasure, conducting operations overseas, or just interested in knowing more about another nation, GRC Group provides solutions to inform you on everything from the political climate, medical facilities, and security to economic, cultural, and religious matters.

How do we do it?

We provide you with bespoke Country and Travel services to keep you, your people and your business informed and supported. We do this through our personalised risk analysis model, which weighs the risks of the country you intend to travel to against your needs, giving you a range of tailored options.

What do we provide?

Our team of seasoned experts is committed to keeping you safe and secure. By analysing your destination's political climate, social factors, and security landscape, GRC provides you with a detailed risk profile. Our assessments help you understand potential risks and develop strategies to mitigate them effectively. We offer:

Before Travel

- Travel policy auditing services
- Risk assessment
- Protective security training
- Pre-travel briefing
- Contingency planning

During Travel

- Situation updates
- Contingency implementation
- Close protection

After Travel

- Post-travel debriefing & review

1

Stay informed about local customs, cultural sensitivities, current events, and potential security threats. GRC's pre-travel briefings offer you comprehensive insights into your destination so you can make educated decisions.

2

Whether you are an executive, a public figure, or simply someone who values an added layer of security, GRC's close protection services provide discreet and professional support.

3

We conduct a thorough post-travel review to gather your feedback and evaluate the effectiveness of our services. Your input allows us to enhance our offerings to meet your future needs.

What are the GRC Country-specific services?

GRC's Country Packs provide you with an overview of a country's essential aspects, enabling you to make informed decisions and navigate unfamiliar territories confidently. Regardless of whether you are a business owner looking to expand operations, a researcher looking to conduct international study, or a school leaver looking to do an OE, GRC tailors each Country Pack to meet your needs.

Why use a GRC Country Packs?

GRC's Country Packs are a valuable resource providing you with a wealth of information, analysis and insights that enable you to manage risks and understand geopolitical dynamics so you can make well-informed decisions and navigate the complexities of operating in a new country,

What is in the GRC Country Packs?

GRC's Country Packs include information on:

- The physical, meteorological, and demographic terrain of your destinations.
- A comprehensive analysis on the political situation and stability.
- Security assessments of internal and external threats and mitigation advice to keep you safe.
- Socio-cultural insights to highlight norms, language considerations and social attitudes.
- Infrastructure evaluations covering transport systems, medical care, and telecommunications.
